

Glomex Newsletter - 02.2009

you are never alone on the water

::GLOMEX POINT OF VIEW::

Hello to everybody

Bad weather, financial crisis, credit crunch etc. etc. finally leave us appreciate the time spent designing new antennas.

We say in Italian, "**not all the evils come to harm!**"

Piero Baldassarri

In this issue:

- **New Glomex Ground Plates:** extended developed surface and stronger plate edges!
- **Focus ON: Glomex Pty** the Glomex distributor for the Oceania since 2005.
- **Satellite TV Antennas:** begins the distribution in Germany, Australia, Turkey, Greece, Scandinavia and Croatia!!!

NEW GROUND PLATES: EXTENDED DEVELOPED SURFACE AND STRONGER PLATE EDGES!

Glomex synthesized spherical bronze **Ground Plates** are the necessary interface between electric and electronic board devices and the dissipator element: water.

Glomex Ground Plates are provided with bolt and spacers made of the same material (bronze) used for the plates, in order to avoid electro-corrosion phenomena.

The **new 2009 exclusive shape** proposed by Glomex provide to an **extended developed surface and stronger plate edges**.

For more information, [visit the Glomex website](http://www.glomex.com.au).

:: FOCUS ON ::

A Success Story

Glomex Pty, the Glomex distributor for the Oceania region, was established in 2005 and are strategically located in the Gold Coast "Marine Precinct", possibly the largest concentration of boat building related business in Australia.

www.goldcoast.qld.gov.au

Principals **Wayne Beak** and **Tony Carroll** both have extensive experience in the marine electronics field. All the Glomex products are stocked in Coomera along with the special version of Satellite TV Antenna for the Oceania Region.

**SATELLITE TV ANTENNAS:
begins the distribution in
Germany, Australia, Turkey,
Greece, Scandinavia, and
Croatia!!!**

Glomex is proud to introduce a new generation of **marine satellite TV antennas**, completely **manufactured in Italy**.

PRIME FOCUS SPLASH-PLATE FEED technology and electronic gyro-stabilization system (**EGS**) is incorporated in the design along with a new software specifically designed for DVB Satellite TV reception.
